On March 27, 1990, Aiken Electric Cooperative, Inc. (Aiken) filed with the Public Service Commission of South Carolina (the Commission) a Petition for Rehearing or Reconsideration in the above-captioned docket. On March 14, 1990, SCE&G requested a partial waiver pursuant to Commission Regulation 103-301 of the requirements of Regulation 103-304(1), as they apply to a proposed distribution line. On March 20, 1990, the Commission voted to grant SCE&G's request of the partial waiver. Aiken's Petition for Reconsideration states that the Commission's decision was in error. Aiken requests oral arguments on its Petition for Reconsideration.

The Commission finds that oral arguments should be held on Aiken's Petition for Reconsideration on April 3, 1990, at 11:00 A.M.
